Product Description

Auto-Feeding Double Heads Laser Cutting Machine adopt the auto-feeding system working table, used to cut soft materials in rolls automatic option and effective solution for clients demanding large-scale cutting of cloth rolls and other soft materials in that the cutting machine can do efficiency. This laser cutting machines equipped with double cutting heads and auto feeding system, especially suitable to the mass laser cut appliqué embroidery, textile, fabric etc.

Application area:

Cutting, punching, engraving & Primary Processing of textile, stuffed toy, cotton slipper, and luggage.

Features:

- ◆ Auto feeding laser cutting machine is equipped with double laser cutting heads and auto feeding system, two heads working at the same time adjusted manually or automatically. The feeding system can load materials automatically which can save your labor force and cut the cost. This system is especially suitable for the mass processing of textile and garment.
- ◆ This laser cutting machines can cut any curve fast and consecutively and save more than 128 files storage memory, so that users can complete production without the connection to the computer.
- ◆ This laser cutting equipment with high-speed differential input and output circuit design, long-distance transmission without distortion, the output and 16 input status
- ◆ One laser head automatically shuts down to avoid damaging the already cut fabric when cuts odd-number workpieces.

Technical Parameters of Single Head Laser Cutting Machine

Model	ETF-1610T

Add: No. 3, yangwu road, shangjia, wanjiang district, dongguan city, guangdong province, China.

Maximum Cutting Area	63" x 39.4" (1600mm x 1000mm)
Laser Power	CO2 glass laser tube 60W-150W (Normal lifespan: about 10000 working hours)
Cutting Speed	15.7" (400mm) / s (Adjustable)
Maximum Cutting Thickness	1.2" (30mm) (Acrylic)
Resolution Ratio	0.0064mm
Positioning Precision	0.0009" (0.025mm)
Power	1500W
Cooling Method	Water cooling and protection system
Supported Image Formats	BMP, PLT, compatible with many file formats for Windows OS, such as AI, CorelDraw, Photoshop, AutoCAD, etc.
Cutting Software	Lasercut 5.3 engraving software
Interface	U disk, internet
Voltage	AC110V - 240V, 50Hz/60Hz

This CCD Camera Laser Cutter Series Related Models

Model	Effective working travel	Weight
ETF-1610	1600*1000mm	650kgs
ETF-1810	1800*1000mm	720kgs

Applicable Materials:

The leather, cloth anticipates, rubber, fabric, textile, PU, plastics, paper, bag clothing, shoe etc. most of nonmetal materials.

Applicable Industry:

Auto feeding laser cutting machine is applicable to printed brand、electronic panel、mask、textile brand(woven label)、cutting after embroid and such multitudinous industrializations application.
