Product Description

This type Laser Cutting Machine with co2 laser tube is mainly used to cut computerized embroidery labels, irregular labels, embroidery craftw badge, trademark industries and other nonmetal materials. This type Laser Cutter adopts CCD camera positioning automatically and camera cutting edge DSP technology, high cutting speed, high precision image recognition system, well cutting effect.

Features:

- 1.Pass-through front and rear doors to accommodate long work pieces. Three unique protection functions, i.e. anti-interference function, water and power cut-off function ensure longer working life, safety and effectiveness.
2. Laminated Safety Glass, glass viewing windows creating a safe enclosure for laser processing.
3. Adopt the super fine cutting technology, which has features of extensive material processing, smooth cutting edge and burr-free, avoid polis speed, high precision.
4. Original Singapore imported lens with molybdenum base, making the equipment produce smaller facula and stronger cutting force, greatly efficiency and reducing cost.
5. Exhausting, absorbing and assistant blowing systems solve the problem that troubles the laser equipments manufacturing industry for yee of the laser tube.
6. The laser cutter is equipped with aluminum strip shape platform, which can bear heavier materials, such as organic glass, wood and mud
7. This machine uses USB port to transmit data, it is equipped with large internal memory capacity, improving the working speed with greater
8. This laser cutting machine, adopts high quality CO2 glass laser tube made in China, with a fine cutting effect and price advantage.
9. Equipped with high quality Water Chiller CW5000, which can prolong the lifespan of the laser tube and ensures a better engraving effect.

System

Laser power	65W/80W
Laser type	CO2 glass tube
Operating voltage	AC220V(or 110V)±10% 50Hz/60Hz
Maximum cutting speed	800mm/s
Repeat position accuracy	0.01mm
Minimum character	English letter: 1*1mm
Operating temperature range	5-45°C
Resolution	≤4500dpi
Control mode	DSP
Transfer mode	By USB cable
Laser tube service life	3500 hours
Software environment	Windows 2000/XP/Win7
Cooling type	Water Cooling System
Acceptable graphic format	BMP, HPGL (PLT) , PEG, GIF, TIFF, PCS, TGA, DST, DXP, DXF, DWG, CDR (all formats of Tajima, Richpeace, Barudan and other embroidery software)
Acceptable software	Label-cutting software
Camera resolution	3,200,000 Pixels
Packing type	Wooden case

Applicable Materials:

The leather, cloth anticipates, rubber, plastics, the wood of bamboo, bag clothing, shoe, engraving with incise.

Applicable Industry:

This Model machine is applicable to the cow saves to make the cress, embroidery house Spin and weave, trademark, template the paper pro profession.

This CCD Camera Laser Cutter Series Related Models

Model	Effective working travel	Weight
ETS-9060	900*600mm	250kgs
ETS-1280	1200*800mm	325kgs
